Panel Thickness	75 mm
Thickness (PU Core)	60 mm
Panel Weight	30 kg/m^2
Thermal Conductivity	0.023W/(m*°C)
Fire Rating	B-s1, d0
Water Absorption	≤ 1%
Compressive Strength	≥ 300kPa
Operating Temperature	-60°C to +60°C

LOFT CARDAMON

A rich blend of warm caramel, earthy brown and deep smoky tones. Natural variation between bricks creates a distinctive, handcrafted character with depth and warmth, ideal for expressive contemporary façades.

LOFT CHILI

A warm terracotta-brown shade with deep earthy and charcoal variations. Its naturally aged appearance brings richness and architectural character to modern façades while maintaining a refined, understated feel.

LOFT CURRY

A warm composition of ochre, sandy and caramel tones softened by subtle smoky accents. Its natural colour variation creates an inviting façade with a relaxed, sun-warmed architectural character.

LOFT MASALA

A sophisticated blend of light sand, warm beige, greige and soft smoky grey. Balanced warm and cool tones give façades a natural, elegant appearance that works especially well with contemporary architecture.

LOFT PEPPER

A refined mix of greige, taupe and muted stone-grey tones. Its subtle contrast and naturally weathered texture create a calm, architectural surface ideal for neutral and minimalist façades.

LOFT SALT

A soft palette of warm ivory, sand and creamy beige. Light natural variations and a gently aged texture give façades an airy, welcoming character with timeless Mediterranean appeal.
