Panel Thickness	75 mm
Thickness (PU Core)	60 mm
Panel Weight	30 kg/m^2
Thermal Conductivity	0.023W/(m*°C)
Fire Rating	B-s1, d0
Water Absorption	≤ 1%
Compressive Strength	≥ 300kPa
Operating Temperature	-60°C to +60°C

RETRO CARDAMON

A deep, earthy composition of coffee brown, tobacco and muted rust tones. Soft tonal variation gives the façade the warmth of aged brick while retaining an elegant and controlled appearance.

RETRO CHILI

A vibrant yet refined blend of brick red, terracotta and deep rust-brown. Its warm, saturated character creates inviting façades with a strong connection to traditional masonry and Mediterranean architecture.

RETRO CURRY

A warm combination of golden ochre, honey and earthy brown. Gentle smoky transitions between shades create a naturally aged appearance that brings warmth and depth to residential architecture.

RETRO MASALA

A light, welcoming palette of sandy beige, honey and soft caramel tones. Its gentle variation creates a warm and harmonious façade suited to elegant villas and relaxed residential architecture.

RETRO PEPPER

A calm blend of greige, taupe and earthy grey. Low saturation and subtle tonal movement create a sophisticated neutral façade that complements both contemporary and traditional architectural elements.

RETRO SALT

A delicate combination of warm ivory, cream and pale sandy beige. Its bright, low-contrast appearance gives façades a timeless sense of warmth, lightness and understated elegance.
